Curl My Light

Lighting collection

AWARD:

INTERNATIONAL DESIGN AWARDS , Los Angeles, CA , USA -
Second Prize in Lighting Products

Material: metal

Design Dima Loginoff dimaloginoff.com

Brand Studio Italia Design www.studioitaliadesign.com

Made in Italy

“Curly My Light” has structural lightness and iconic look. This kind of shapes gives you really fantastic shadows! Although the basic outlines follow conventional lamp form, the materiality and structure do not. The shade and base are woven into one, minus the solidity we’ve become accustomed to with each of these elements. The lamp cord is no longer an unrelated extremity but instead more or less spirals into the lamp itself. The loops and curls sketch out the form of a traditional table lamp.
